Special Town Meeting - May 15th, 2017 at 7:00 p.m.
Fowler School Auditorium, Three Tiger Drive, Maynard

VOTE **YES** ON FARMER-BREWERY

Article S-5 to amend Town of Maynard Zoning By-laws to allow for Farmer-Brewery, Microwinery/Microdistillery, Cocktail Lounge by Special Permit

"Many, many years ago, taverns and taprooms were community meeting places. They were the heart and the lifeblood for community activism and cultural development."

Our vision is to open a community supported farmer brewery and taproom in Downtown Maynard, with partnerships from local purveyors to provide prepackaged food items such as cheese boards and snack plates, locally made soda and other non-alcoholic beverages. In addition, we plan to partner with local restaurants to provide menus and delivery options for our customers to enjoy food options from each of our wonderful local establishments. Our goal is to support local businesses, including restaurants, not compete with them.

Foster community growth in a meeting place for cultural development and community activism

Provide small-batch, handmade beer options featuring local ingredients and a sense of place

Create direct, enduring relationships with community members and establishments

Honor the heritage and history of the town while supporting local purveyors
